

CHILDREN 18-24 MONTHS

SPEECH & LANGUAGE DEVELOPMENTAL MILESTONES

Every child develops at their own pace. Milestones are used as a marker with some children demonstrating skills at the end of the age range

Is your child between the ages of 18-24 months and facing speech and language challenges? As a dedicated Speech-Language Pathologist, I am here to help I specialize in nurturing the 4 major Speech & Language Developmental Milestones with personalized strategies and compassionate therapy to empower your child's confidence and communication abilities.

EXPRESSIVE DEVELOPMENT

- Expanding Vocabulary: Comprehend 200-1000 words
- Two-Word Phrases: Simple combinations
- Word Imitation: Mimicking sounds and words
- Pronoun Usage: Beginning to use "I" and "mine"
- Naming Objects: Naming familiar items

PLAY & SOCIAL SKILLS

- Parallel Play: Playing alongside other children
- Sharing: Starting to share toys and engage with peers
- Imitation: Copies actions and behaviors
- Turn-Taking: Participating in simple games
- Eye Contact: Developing better social interactions

PHONEME DEVELOPMENT

- Phonemes Mastered: P, B, M, D, H, N

RECEPTIVE LANGUAGE

- Following Instructions: Understands one-step commands
- Pointing: Can point to body parts or pictures
- Recognizing Names: Responds to their own name
- Identifying Objects: Matching words with objects
- Listening Skills: Increasing attention skills

ACQUIRED SPEECH SOUND PRODUCTIONS

- Expanded Word Bank: Knowing 800-1000 words by age 3
- Naming Objects: Identifying and labeling
- Better Communication: Expressing needs, desires, and ideas
- Descriptive Language: Using words for descriptions
- Enriched Expression: A broader more expressive vocabulary

***Please note this is not a replacement for a standardized speech and language evaluation. Please consult a Licensed Speech-Language Pathologist for further assistance*
